**For extended media life—  
here's how to take care of your flexible disk**

---

Precision surface.  
No fingers, please!

For your disk's sake  
(and the system's, too)  
insert disk carefully.

Magnetic fields erase.  
Keep them far away.

Keep it safe—  
in the jacket  
when not in use.

Bending and folding  
may damage.  
Handle with care.

Keep disks comfortable.  
Store at: 10° to 52° C.  
50° to 125° F.

---
